About Indian Academicians and Researchers Association (IARA)

Indian Academicians and Researchers Association (IARA) is an educational and scientific research organization of Academicians, Research Scholars and practitioners responsible for sharing information about research activities, projects and conferences to its members. IARA offers an excellent opportunity for networking with other members and exchange knowledge. It also takes immense pride in its services offerings to undergraduate and graduate students. Students are provided with opportunities to develop and clarify their research interests and skills as part of their preparation to become faculty members and researchers. Visit our website www.iaraedu.com for more details.

About The Conference

The **2nd International Conference on Sustainable Development through Contemporary Research (ICSDCR 2025)** is a significant academic event dedicated to addressing the most pressing global challenges through cutting-edge, multidisciplinary research. Following the enthusiastic response to its inaugural edition, **ICSDCR 2025** returns with a stronger vision—uniting academics, researchers, policymakers, practitioners, and students to advance the dialogue on sustainable development in today's rapidly changing world.

Sustainable development has emerged as a central theme in contemporary discourse, encompassing environmental protection, social equity, economic resilience, and responsible governance. **ICSDCR 2025** recognizes the need for integrated approaches that leverage contemporary research across diverse domains to promote sustainability in all its forms. The conference provides a platform to share innovative ideas, present empirical findings, and explore new frameworks and technologies aimed at achieving the United Nations Sustainable Development Goals (SDGs).

The conference invites interdisciplinary contributions from fields such as Environmental Science, Social Sciences, Management, Engineering, Law, Economics, Public Policy, Education, Agriculture, Health Sciences, and Humanities, among others. This inclusive approach fosters cross-sectoral collaboration and encourages holistic thinking in the pursuit of long-term, impactful solutions.

ICSDCR 2025 will feature a series of keynote addresses by globally renowned experts, technical paper presentations, poster sessions, and interactive panel discussions. These sessions are designed to stimulate academic dialogue, facilitate professional networking, and encourage the exchange of knowledge among participants from across the globe. The conference particularly welcomes young researchers and doctoral scholars, offering them an excellent opportunity to showcase their work and engage with experienced mentors and peers.

All papers of this conference will also be reviewed jointly by the Conference review panel and respective Journal reviewing teams. All the selected authors will be offered free of cost publication in our Peer Reviewed Journals; International Journal of Advance & Innovative Research (IJAIR) having ISSN: 2394-7780, Impact Factor 8.12 and International Journal of Research in Management & Social Science (IJRMSS) having ISSN: 2394-7780, Impact Factor 6.44 with DOI (free of cost)

ICSDCR 2025 aims not only to be an academic event but also a platform for action, inspiring participants to take forward the ideas and discussions from the conference into real-world applications, policy-making, and community development. In doing so, it emphasizes the importance of research-driven strategies to achieve sustainability across multiple sectors and geographies.

Participants will benefit from a collaborative environment where innovative thinking is encouraged and diverse perspectives are valued. The conference strives to build bridges between academia, industry, civil society, and government institutions to foster impactful partnerships and sustainable outcomes.

We cordially invite researchers, academicians, professionals, and students to be a part of the **2nd International Conference on Sustainable Development through Contemporary Research (ICSDCR 2025)**. Come join us in advancing knowledge, influencing policy, and contributing to a more sustainable and equitable future for all.
