CORDIAL INVITATION

VISM feels an immense pleasure to welcome you at National Conference on "RECENT TRENDS IN PLANT BIOTECHNOLOGY AND BIOPROSPECTING". This two days conference will be a platform for interaction among Scientists, Researchers, Academicians and Students for discussing the issues related to latest techniques in Plant Biotechnology and its applications in sustainable Agriculture and Bioprospecting. We welcome you heartily to participate and make it a grand success.

HOW TO REACH GWALIOR

The Gwalior city is situated in central region of India, well connected by Air, Railways and also by Buses. In December, temperature is around 16°C so needs woolen clothes and sweaters. The city offers the visitors an unique style of architecture. Gwalior is a well acknowledged place of art, associated with historic as well as contemporary evidences.

THEME

This conference will garner the best international experience into our system of education, as the internationally renowned experts working in the field of Plant Biotechnology – its applications in conservation, germplasm multiplication and genetic improvement of crops to meet the challenges in agriculture will be delivering the lectures. It will also focus on the latest trends in Bioprospecting of natural biomolecules of therapeutic importance.

SUBTHEMES

1. Biotechnology and Plant Protection
2. Biotechnology and Plant Identification
3. Biotechnology and Plant Conservation
4. Biotechnology and Plant Improvement
5. Bioprospecting and Drug Development
6. Biodiversity and Bioprospecting
7. Bioprospecting and Bioremediation
8. Bioprospecting of Novel Genes, Biomolecules and Enzymes
9. Role of Bioinformatics and Biostatistics
10. Nanobiotechnology
